

## NAIL DRYER INSTRUCTIONS

Please take a few moments to read this manual and learn how to properly use the Nail Dryer Unit.

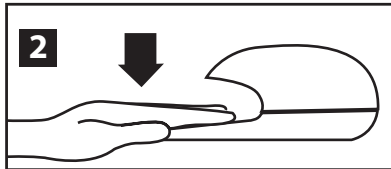

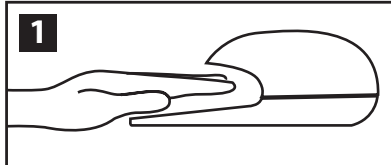

### Key Features:

- Suitable for drying nail polish, nail art decorations, nail paints
- The dryer will switch on automatically when the rest stand is pressed
- Easy and convenient to use
- Portable nail dryer for your hands & feet
- Requires 2 AA batteries to operate (not included)

### How It Works:

*Step 1:* Place your hand in the Nail Dryer

*Step 2:* Push down with your hand until you feel the air blowing. Keep the button pushed until the nails are dry.

### Operation:

In order for the Nail Dryer to operate it needs 2 x AA Alkaline Batteries. Place the 2 x AA Alkaline Batteries in the battery compartment on the back on the unit.
